# THE THICKENING GEL YOU CAN'T TASTE

SimplyThick is a revolutionary starch-free beverage thickener designed for people who have swallowing difficulties.

SimplyThick, a thickening gel formulated with xanthan gum, is colorless, tasteless and mixes easily with all liquids – hot and cold. Menu options are dramatically increased as water, juice, soda, milk, coffee, tea, soups, beer, wine and mixed drinks can all be part of a thickened diet when SimplyThick is used.

Pump for Bottle	1	STBP	\$19.90

*SimplyThick provides benefits beyond taste and appearance:*

- 1 SIMPLE**  
Identical preparation regardless of beverage or consistency. No thickening charts. No messy powders.
- 2 QUICK**  
Ready to drink within seconds, not minutes.
- 3 STABLE**  
Does not thicken over time. Prepare beverages long before they are served.
- 4 NO LUMPS**  
As a gel, powder lumps cannot form.
- 5 IMPROVED PATIENT HYDRATION**  
Patients increase fluid intake because beverages look and taste like they should.
- 6 DIET FLEXIBILITY**  
Thickens all liquids. Free of dairy, lactose, egg, soy, nuts, corn, wheat/gluten, making it ideal for calorie-restricted, low sodium, diabetic and/or ketogenic diets.

*People with swallowing problems prefer SimplyThick – no graininess, no aftertaste – just better tasting beverages.*

The Thickening Gel You Can't Taste®

**AquaCareH<sub>2</sub>O Advantages**

- 1 TASTES BETTER**  
Many thickened water products are made with cornstarch, plus an acid used to mask the flavor of the starch. AquaCareH<sub>2</sub>O is a xanthan gum based product and has no masking agents or flavor additives.
- 2 READY TO USE**  
No mixing means a consistent thickness with every serving – and saves labour.
- 3 VERSATILE**  
Drink it as is, mix it with beverage concentrates, boil it, freeze it.
- 4 GLUTEN FREE**  
No starch or wheat products at all.
- 5 BETTER HYDRATION**  
AquaCareH<sub>2</sub>O beverages taste and look like a normal glass of juice or water, so patients drink more. Absorption is also higher, producing a better hydration rate.
- 6 ZERO CALORIES**  
There are no calories to be converted to glucose, so AquaCareH<sub>2</sub>O is a superior choice for diabetic patients.
- 7 STABLE**  
AquaCareH<sub>2</sub>O beverages will not clump, settle or change in viscosity over time.

**AquaCareH<sub>2</sub>O Gives Better Quality of Life for people with Dysphagia.**

**AquaCare Special: 10% off on orders placed before March 1, 2010**

**Call for a free sample**

# THICKENED BEVERAGES

AquaCareH<sub>2</sub>O is a superior choice in the thickened beverage market for patients who need to stay hydrated, but have difficulty swallowing. Beverages are made from pristine artesian mineral water, and use xanthan gum as the thickening agent. Beverages taste and look great, which makes hydration for patients easier... because they will drink it.
